We Understand Your Frustrations

At Newcastle Classic Cleaning, it's our mission to create absolute customer satisfaction with quality and professional service. We listen to our customers and endeavour to meet all their needs.

- 1 We will not only clean to your expectations we are also the eyes and ears of somethings not being right. Often it's the person who is not habitually there that notices the inconsistencies and maintenance issues
- 2 We have Standards & Procedures in place including GPS tracking apps that make it easy for all of us to know who was on site and when. If any issues arise you will be quickly notified.
- 3 Our motto is "we are as good as the last clean" - there are no contracts
- 4 Cleaners are creatures of habit and routine, so we follow a path of least resistance. This may be the direction we move around the premises so as not to miss things, the little quirks cleaners pick up to scan an area we are working in and alert us to something being amiss.

Testimonials

We choose Newcastle Classic Cleaning because of their low fuss, competitive pricing, good quality service. My 15yrs experience as a site manager in different industries tells me to expect regular complaints about car parking and change rooms/toilets. With Newcastle Classic Cleaning, I have not got any complaints about the change rooms and toilets. We find them safe, prompt, polite and responsive.

Tony Hall - Caltex Newcastle Terminal

The team from Newcastle Classic Cleaning are amazing! We couldn't operate without them.

Our youth conference centre can get very messy with kids leaving dirt and rubbish all through the rooms. NCC make the place look brand new every time!
